PERSONAL STATEMENT

I am an experienced Creative Director with 14 years of industry expertise, based in Bangalore, India. My passion lies in the realm of design and the captivating world of colors. At present, I hold the esteemed position of leading the Indian design team at Believe Cosmetics.

Within my role at Believe, I bear the weighty responsibility of crafting compelling campaigns for the launch of their new products. Additionally, I oversee the day-to-day management of social media activities for their premium brands, ZM and Lafz. My career has been marked by several notable achievements, including the successful execution of Big Billion Day campaigns for Flipkart. I take pride in my contribution to award-winning campaigns, such as the "Love Emoji" campaign for Uber and the "T20 Villain Hunt" campaign for Airtel.

Throughout my career, I have had the privilege of collaborating with some of the most prominent brands in India, and I am eager to embrace new and exciting challenges in the future.
